Building The Embouchure (Book 1)

Angelo Piazzini

Italiano:

Building The Embouchure è una raccolta progressiva di esercizi di legato per tuba, ideata per sviluppare la solidità dell'imboccatura, il controllo del respiro e l'uniformità del suono in tutta l'estensione dello strumento.

Scritti esclusivamente nelle tonalità maggiori, gli esercizi pongono l'accento sulla fluidità dei collegamenti tra le note, sulla flessibilità e sulla produzione di un suono caldo e risonante. Grazie a una progressione accuratamente strutturata, consentono di migliorare il controllo, la resistenza e il fraseggio musicale, consolidando al tempo stesso le basi tecniche fondamentali.

Adatto sia agli studenti sia ai tubisti più esperti, *Building The Embouchure* rappresenta un prezioso strumento di studio quotidiano per sviluppare un'imboccatura solida e affidabile attraverso la pratica del legato.

Français:

Building The Embouchure est un recueil progressif d'exercices de legato pour tuba, conçu pour développer la solidité de l'embouchure, la maîtrise du souffle et l'homogénéité du son sur l'ensemble de la tessiture de l'instrument.

Écrits exclusivement dans les tonalités majeures, les exercices mettent l'accent sur la fluidité des enchaînements, la souplesse de jeu et la production d'un son riche et chantant. Grâce à une progression méthodique, ils permettent de renforcer l'endurance, le contrôle et la qualité du phrasé tout en consolidant les bases techniques essentielles.

Adapté aussi bien aux étudiants qu'aux tubistes confirmés, ce cahier constitue un excellent support de travail quotidien pour développer une embouchure solide et fiable à travers la pratique du legato.

Deutsch:

Building The Embouchure ist eine progressive Sammlung von Legato-Übungen für Tuba, die entwickelt wurde, um Ansatz, Atemkontrolle und Klanggleichmäßigkeit über den gesamten Tonumfang des Instruments zu verbessern.

Die Übungen sind ausschließlich in Durtonarten geschrieben und konzentrieren sich auf fließende Tonverbindungen, Flexibilität sowie die Entwicklung eines warmen und tragfähigen Klangs. Durch den systematischen Aufbau fördern sie Ausdauer, Kontrolle und musikalische Phrasierung und festigen gleichzeitig die wichtigsten technischen Grundlagen.

Sowohl für Schüler als auch für fortgeschrittene Tubisten geeignet, bietet dieses Heft eine wertvolle Grundlage für das tägliche Üben und den Aufbau eines stabilen und zuverlässigen Ansatzes durch die Kunst des Legatospiels.

English:

Building The Embouchure is a progressive collection of legato studies for tuba designed to develop embouchure strength, breath control and tonal consistency throughout the instrument's range.

Written entirely in major keys, the exercises focus on smooth note connections, flexibility and the production of a warm, resonant sound. Through carefully structured patterns and gradually increasing challenges, players can improve their control, endurance and musical phrasing while reinforcing fundamental playing techniques.

Suitable for students and advancing performers alike, *Building The Embouchure* provides an effective daily practice resource for developing a strong and reliable embouchure through the art of legato playing.
